

JOB DESCRIPTION AND PERSON SPECIFICATION

Job Title: CCA Foundation Centre Specialist Technician (L&T) 3D

Salary: £33,653 – £41,329 pa pro rata

Contract Length: Permanent

Hours/FTE: 21 hours per week / 0.6 (Mon-Wed)

Grade: 4

Location: Foundation Centre – Wilson Road

Accountable to: CCA Technical Manager (through Technical Coordinator Foundation Centre)

College/Service: CCW Technical Resources

Purpose of Role:

To provide professional technical expertise, guidance and advice in the Foundation Centre 3D Workshops and related facilities and contribute to the delivery of academic learning activities within Camberwell College.

To provide support for student learning, informal and formal training and instruction, and the development of proficiency with highly specialist techniques, production methods and technology related to 3D art and design practice

To contribute technical input into student concept and expressive/creative intention, including giving feedback to students and contributing to student informal formative assessments, with reference to appropriate learning outcomes of the course or project.

Duties and Responsibilities

- To take co-responsibility for effective day to day running of the 3D technical resource areas within the Foundation Centre, including managing day-to-day student access and the booking of specialist facilities or equipment within timetabled teaching sessions and for individual student access.
- To contribute, as a member of the Foundation Centre resource area team, and within agreed academic teams with the planning and development of the course/programme area, the identification of learning outcomes, including curriculum development, research and commercial activities.
- To contribute and collaborate with technical team members as required to ensure the key priorities, levels of service and good practice are met successfully; including compliance with Health and Safety regulations, maintenance and repairs of equipment, liaising with team members, Technical Coordinator and/or Technical Manager.
- To provide feedback to Course Leaders, Technical Coordinators and/or Technical Managers regarding service levels and student requirements to ensure appropriate adaptations are made and contribute to the revision of standards of service delivery.
- To work at an agreed level within the terms of the glossary of key terms (describing T & L relationships between Technicians and students) to contribute to the delivery of Orientation sessions, Inductions, Technical Workshops, supervised Negotiated /Supported access by supporting student, and course needs/timetables so that technical support is targeted effectively.
- To contribute to planning, development and delivery of learning activities supporting student learning and research, liaising with Course Leaders and academic staff informally and formally within Course meetings.
- To supervise learning activities, providing expert guidance and advice to students, helping students to identify and supply appropriate techniques, processes, materials, resources and equipment to meet learning outcomes.
- To provide formal or informal sessions to students that may include one of more, demonstration, instruction with 3D processes/techniques, coaching with the development and proficiency of a particular skill, technique or process.
- To provide detailed feedback to students and contribute technical input to student concept and

expressive/creative intention in relation to agreed Course Learning Outcomes.

- To contribute as appropriate to the project planning and delivery of exhibitions and events.
- To demonstrate a high level of independent responsibility for the diagnosis and resolution of problems and creative/artistic challenges encountered with the execution of duties and responsibilities.
- To carry out detailed and extensive research to support the ability to diagnose and resolve problems of a highly technical, complicated nature, that involves testing and re-testing scenarios and processes to lead to the successful design and achievement of intended learning outcome/execution of work. .
- To undertake frontline maintenance and repairs liaising with suppliers and contractors to meet statutory and recognised professional procedures and guidelines, as agreed with Technical Coordinator and/or Technical Manager.
- To liaise internally and externally with professionals and recognised practitioners and artists, attend conferences and exhibitions to share and develop ideas, knowledge and expertise that can be translated to support academic learning and research activities.
- To take responsibility for the maintenance of inventories, carrying out risk assessments and appropriate records with regard to 3D and related equipment, stock lists, ordering of stock, equipment and consumables; servicing and repair of equipment reporting to the Technical Coordinator and/or Technical Manager.
- To provide professional technical guidance and advice to Technical Coordinator and/or Technical Manager, and assist with the commissioning of new equipment including the delivery and installations of equipment.
- To be involved with the design, production and development of appropriate teaching and learning materials to suit own specific areas of specialist activity and service delivery.
- To perform such duties consistent with your role as may from time to time be assigned to you anywhere within the University including working across CCW outside of FE Term time and as required by TMs.
- To undertake health and safety duties and responsibilities appropriate to the role
- To work in accordance with the University's Equal Opportunities Policy and the Staff Charter, promoting equality and diversity in your work
- To undertake continuous personal and professional development, and to support it for any staff you manage through effective use of the University's Planning, Review and Appraisal scheme and staff development opportunities
- To make full use of all information and communication technologies in adherence to data protection policies to meet the requirements of the role and to promote organisational effectiveness
- To conduct all financial matters associated with the role in accordance with the University's policies and procedures, as laid down in the Financial Regulations

Key Working Relationships:

- CCA Technical Manager, CCA Technical Coordinator Foundation Centre, Specialist Technicians (L&T) in Foundation Centre Technical Facilities
- Academic Staff
- Suppliers and Contractors

Specific Management Responsibilities

Budgets: consumables budget as designated under guidance of CCA Technical Coordinator Foundation Centre

Staff: None

Other: Co- responsibility for the safety of equipment and related machinery in 3D Workshops and related facilities
