university of the arts london

JOB DESCRIPTION AND PERSON SPECIFICATION

Job Title: Postdoctoral Research Fellow – Design For Service – Chicken or Egg – DARPI (Drivers for Antimicrobial Resistance in Poultry in India)	**Accountable to**: Principal Investigator (University of Liverpool) and Co-Investigator (LCC, UAL).

Contract Length: 29 months	**Hours per week**: FTE 1.0	**Weeks per year**: 52

Salary: : £37,265-44,708 per annum pro rata	**Grade**: 5
College/ Service: Academic and Development Services	**Location**: London College of Communication (LCC), Elephant and Castle London SE1 6SB

Purpose of Role:

To support the Principal Investigator (PI) and the Co-Investigator (CI) in the fulfilment of DARPI project deliverables and to independently research, collate and document key aspects of the project and facilitate its effective and efficient delivery.

Duties and Responsibilities

- To work with the project team to guide and undertake design ethnographic work in India on the Poultry supply chain – including mapping and visualising.

- To work with team members in the delivery of field work methods and practices to the postgraduate Indian research team.

- To undertake relevant literature review in relation to research into antimicrobial resistance (AMR) in poultry farming contexts particularly with reference to infection practices and control in India.

- To create visual templates and prompts for workshop activities with the Indian researchers.

- To contribute to the development and delivery of co-design workshop activities with Indian stakeholders and the poultry farming community in India.

- To contribute to the analysis of the challenges, strength and added value of deploying particular design and participatory approaches in AMR contexts in low to middle economic contexts.

- To contribute to the synthesis of the qualitative research data especially around the implementation of co-designed prompts / touch-points.

- To support the communication of the project through social media and a research blog.

- To contribute to the development of priorities around drivers of AMR in poultry practices that will inform policy, planning, education and further research.

- To support and participate in any additional tasks or documentation as required by the project.

- To liaise with PI and CI to ensure the smooth running of the project.

- To participate in collaborative research with the PI and CI.

- To contribute to the outcomes of the project through an involvement in the preparation and presentation of papers at conferences, contributions to refereed journals, and the editing and/or authoring of book chapters where appropriate.

- If appropriate, to play a proactive role in the generation of future research funding linked to the project and to the output and profile of research at UAL.

- To perform such duties consistent with your role as may from time to time be assigned to you anywhere within the University.

- To undertake health and safety duties and responsibilities appropriate to the role.

- To work in accordance with the University's Equal Opportunities Policy and the Staff Charter, promoting equality and diversity in your work.

- To undertake continuous personal and professional development, and to support it for any staff you manage through effective use of the University's Planning, Review and Appraisal scheme and staff

development opportunities.

- To make full use of all information and communication technologies in adherence to data protection policies to meet the requirements of the role and to promote organisational effectiveness.

- To conduct all financial matters associated with the role in accordance with the University's policies and procedures, as laid down in the Financial Regulations.

Key Working Relationships:

- Principal Investigator, (University of Liverpool).
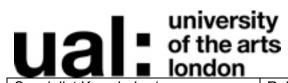

- Co-Investigator (LCC, UAL).
